# DC Co-lab Community Platform

DC Co-Lab is a platform available to the DC public education sector and our arts and humanities education community to garner feedback, create meaningful conversations, measure impact, enhance strategic planning, and further collaborations and partnerships.

## Engagement

---

The platform will be designed to further our community's collaborative work in order to achieve our shared visions and values.

- Steering committee
- Equity & Justice subcommittee
- Assessment & Evaluation subcommittee
- Programming subcommittee

## Data Collection & Visualization

---

All current and future collective impact survey collections will live on the community platform where results that enhance strategic purposes will be visualized.
